# Body Crack ASMR

Adjust your patients body in a satisfying way!

Submitted by <Yash More / Makra>

\*Please note you might be asked to adjust Unity and Xcode version through publishing stages

# The Game in a Nutshell

## The Basics

Doctor (Chiropractor) will adjust the disfigured body parts of people. Similar to body adjustment asmr videos by using some specific tools for specific problems.

## Sub Genre

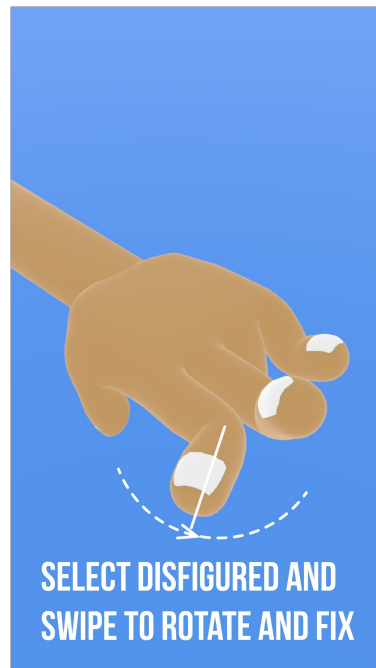

Role playing / ASMR

## Mechanic

Puzzle

## Controls

Touch & Swipe

# Difficulty and Progress

## How do I progress at this game?

- Better and unique Equipments will be available as the game progresses.
- Difficult Surgeries to perform as the game progresses.

## Lose Conditions

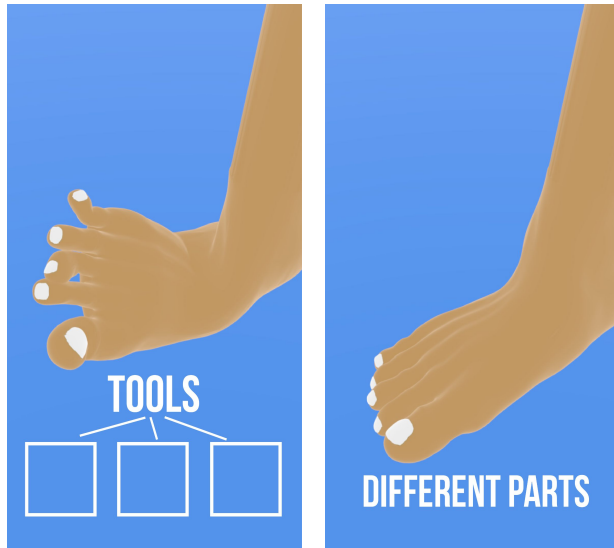

- Using wrong equipment for wrong injuries can cause damage to patient's body and the player will lose the game on such repeated mistakes.

Add as many pictures that you have as a reference for your game

# The Video Ad

## What are we going to see in the ad?

- Gameplay footage of a level where the doctor is cracking the joints (with ASMR cracking sounds) of a person adjusting his/her body and the patients feels relieved and the doctor is rewarded.
- A pro vs noob clip where one player is killing the enemies flawlessly by shooting the correct numbers and the other one is surrounded and killed by the enemies after choosing the wrong numbers.

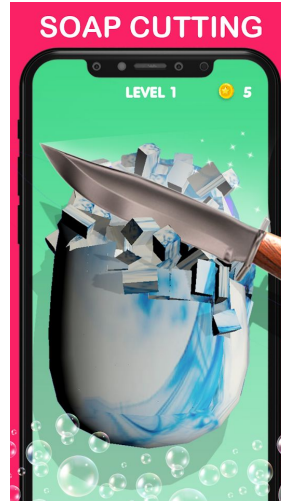

# References or Art Mockup

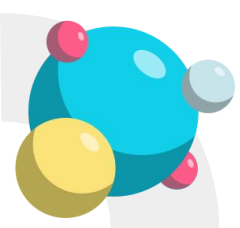

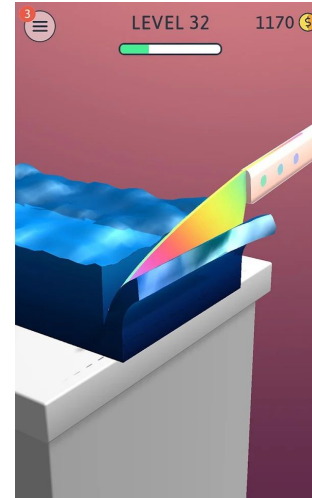

Foot Clinic

Soap cutting ASMR

ASMR Slicing

A collection of colorful, 3D-rendered spheres in various sizes and colors (red, grey, yellow, blue) scattered across the top of the text.
